SUCCESSFUL

Was the Entertainment

Given For the Benefit of the Methodist Church.

The Citizens of Marion Greet the "Singing Skule Begiment" With Packed House

The "Singing Skule Begiment" given at the opera house Monday night under the auspices of the Ladies Aid Society of the Methodist church, was two and a half hours of unbroken fine entertainment with bits of clever song. The costumes of the "skullers" and "teachers" were very unique, and some were extremely ridiculous and amusing. Dr. F. W. Nunn, as Samuel Weller, Geo. M. Crider, as Hickory Jones, C. S. Nunn as Ezekiah Bumples, and Prof. Chas. Evans, as Meelback Joslin, were very comically attired, while D. R. Keel, Virgil Moore, Maurice Sutherland, Emmett Koltunsky, and Miss Hilda Schwab, arraying the roles of Zebulon Toodles, Yellow Kid, Tommy Doodle, Darius Catch-a-Fly and Polly Bumples, respectively, kept the audience in a continual uproar of sidesplitting laughter.

To take up the beautiful features of the entertainment, Mchitabbe Spooner and Miranda Want-to-marry, impersonated by Misses Leaffa Willborn and Nellie Walker were too sweet for anything. Tim Phares, as Willie Winkie, could be considered in this class also.

Babe Sparks, in the person of J. Watts Lamb, annoyed Master Robbins and amused the audience by very frequently asking permission to get a drink of water. Zebulon Toodles interrupted the "Begiment" quite often through his anxiety to display his unusual talent on the violin.

Splendid vocal selections were rendered by Miss Gustava Haver, as Roseanna Veggieberry, and Mr. Fannie Walker, as Fannie Walker, Virginia Tinsley, as the Star, the Little Miss Ains Haver and Keturah, who well represented Mr. R. F. Haynes as Mr. A. Two-kings and Master Robbins, who represented the audience, a laughable about that it turned out. Lady Roseanna, who represented the audience, a laughable about that it turned out. Lady Roseanna, who represented the audience, a laughable about that it turned out.

Mr. and Mrs. James Taylor, as Romeo and Juliet Shakerpeare, and their parts in a praiseworthy manner, and sang a duet which was pleasing indeed. A pretty song and drill was given by six of the young ladies.

The entertainment closed with "Auld Lang Syne" and "Dixie" by the entire "skule," and the very large audience went away well pleased.

Miss Lily Doss collaborated at the piano and did ample justice to the occasion.

Messrs. Willard and Bertram, who conducted the entertainment, proved themselves to be well up to the task of "teechin' singin' skule," and their associations here have been sufficient to win for them the highest esteem of the citizens of Marion.

The entertainment was a flatter-

ing success for every respect, and all who participated acquitted themselves in a manner deserving of the highest praise.

Leaving the names of the participants, as mentioned above: Misses Hilda James, Della Barnes, Mary Lou Brown, Du-kill, Nellie Brown, Daisy Cooper, Mildred Hayes, Ellis Gray, and Ruby Brinson, and Prof. J. R. Brinson.

CONTEST

For the Two Most Popular Young Ladies in Crittenden and Livingston

The contest for the two most popular young ladies in Crittenden and Livingston, which was given at the opera house Monday night, was a very successful and valuable event, which will be awarded the two most popular young ladies.

The contest will positively close at 12 o'clock noon on July 1, 1905.

Any young lady will be eligible as a contestant who is nominated by her friends and is supported by their votes.

The two prizes, unequal value, fifty dollars each, and the winning candidate who receives the highest number of votes, cast shall have first choice, the other prize will be awarded the young lady receiving the second highest number of votes cast.

Four votes will be allowed with each dollar paid in advance on subscriptions to The Record, which may be one or more yearly subscriptions, two semi-annual subscriptions at 50c each, or four quarterly subscriptions at 25c each, but the total when turned in must equal one yearly subscription at \$1.

The votes will be deposited in a ballot box, which will be under lock and seal until the contest shall have terminated, when a committee will be selected to count the ballots.

The selection of the committee will be left to the most successful contestants, that is, four contestants will be chosen by the four contestants receiving the highest number of votes, and a fifth will be chosen by a majority vote of the other four contestants. The fifth contestant will be chosen at the discretion of the committee, and make the work of the successful contestants out.

A ballot will be kept by the club of The Record for the votes cast and the stuffing of ballot boxes will be prohibited in each room.

The prizes will be kept on exhibition at the grocery store, the corner of Second and St. Louis, and the winning lady will be notified.

We have just received a new stock of all the latest styles of the most popular young ladies in the Record's Popularity Contest.

J. A. Hurley Purchases Interest

J. A. Hurley, formerly a member of the Duvall Transfer Company, has purchased of Ed Taylor the Grant Davidson interest in the Taylor & Davidson brick business and Messrs. Taylor & Hurley have already begun preparations for burning a large amount of brick this year. Last year, Taylor & Davidson burned about 600,000 brick and could not supply the demands made on them. This year Taylor & Hurley expect to have something like 200,000 brick burned by the time operations were begun last year.

BANQUET

Blackwell Lodge No. 57

Knights of Pythias, Held Friday Evening, February 17.

A Large Number of Knights and Ladies Were Present for Parlor of the Bonifacio Feast.

Last Friday night, among the members of Blackwell Lodge No. 57, Knights of Pythias, celebrated the thirty-first anniversary of an order whose motto is "Friendship, Charity and Benevolence" and which was founded Feb. 17, 1864 in Washington, D. C. by Rathbone.

According to the order of the evening the brave knights first met at the Pythian Castle Hall with their fair ladies where a pleasant hour was spent and all were entertained according to the arrangements of the reception committee composed of Knights Geo. M. Crider, T. H. Cochran and Wm. A. Range. Then all adjourned to the opera house there to be treated to a handsome spread and splendid program arranged by the committee on entertainment and arrangement which committees, we wish to stop and say, deserve the highest praise for their executive ability.

The menu which had been prepared by W. H. Cooper was as follows:

MENTU
Oyster Soup Celery Crackers
Roast turkey with dressing
Cold bags French peas Potato chips
Mustard dressing Cranberry sauce
Olives Pickles Bread
Ice cream Hot Rolls
Pumpkin pie Cake
American Cheese
Oranges Apples Bananas
Coffee

All responded to their hosts except A. C. Moore. Having been called to the Pythian hall Friday to represent a college in a play, and on Saturday he was unable to be present and his toast was responded to by Geo. M. Crider and J. A. Hurley.

The entertainment was a success, and the committee on arrangement was composed of Geo. M. Crider, T. H. Cochran, Wm. A. Range, J. A. Hurley, and J. A. Hurley.

Business Change
H. E. Morris & Son, Inc., purchased the C. J. Black & Son grocery and will remove their present stock to the Black stand. They will continue their grocery and restaurant business as heretofore, but will be enabled to do more than twice the amount of business.

To the Voters of Crittenden County:

I am a candidate for the office of county attorney subject to the action of the Republican party, and owing to the shortness of time and the further fact that the next term of the circuit court is in March and will prevent me from seeing many of you before the primary, I therefore take this method of saying that I am very anxious to serve you one term as county attorney, believing that I am discharging the duties of the office to the entire satisfaction of the people. Most of the people of this county know me, and my official acts are all matters of public record in the office of the county judge and county court clerk, and are open to the examination of all persons.

Should you give me the nomination and I am elected, as county attorney I will have nothing to do with the levying or fixing the amount of your tax, except in an advisory way, as that is fixed by the State and fiscal court of the county, composed of the county judge and justices of the peace of the county, supervised by the county and State boards of equalization, and the only duty the county attorney has to perform in this matter is to give legal advice when called on by any of the county officials and to represent the interest of the county in any matter coming before the courts or boards in which the county is interested.

If you believe me competent to perform these duties I will very much appreciate your support, and as to whether it is to your interest to vote for me or someone else is a matter I leave for the people to decide for themselves.

I have given the nomination and elected I promise you that I will use all the energy and ability that I can command to discharge all of the duties of the office faithfully and efficiently, and I will be found at my office at all reasonable hours unless called away in the discharge of the duties of the office.

Thanking you for past favors and again asking your support in this race, I am,

Yours very truly,
J. A. Moore

J. H. McMeans to W. N. Travis, 73 1/2 acres on Piney creek for \$940.

Trial Set for Friday.

The examining trial of Dr. E. C. LaRue, of Smithland, charged with shooting Blount Hodge, the pilot, is set for today, but Hodge will not be able to attend and the case will be continued. The trial will attract many people, and it is predicted the doctor will be acquitted. Until young Hodge can attend court, Dr. LaRue will appear before County Judge Evans every ten days. He is under bond and this is the first appearance.

LEAD

Product of this District

By Expert Test, Makes First Class Gun Shot.

Greater Lead Production Anticipated this Year - Warmer Weather Renews Activities.

The question has quite frequently arisen as to whether the lead of this district would make gun shot, and through the efforts of J. E. Wright, of the State Geological survey, samples of lead have been shipped to Eastern capitalists and their experiments reveal the fact a product can be manufactured from Crittenden county lead that is fully equal to the standard produced from the lead of Montana, Colorado, and other western States. These facts will be of considerable interest to Eastern capitalists, as they will be enabled to secure an ore several hundred miles nearer, saving a considerable amount in the way of freight costs. It is expected that there will be greater activity in this district this year than there has ever been heretofore, and in view of the fact that some of the mining properties carry a large percentage of lead ore, the output of this product will be at least three times as much as heretofore. We have been informed by the operators of some of the leading properties that the percentage of lead obtained heretofore has been sufficient to pay operating expenses, and if this amount is trebled the output of lead ore will be reaching a place of somewhat equal importance with our zinc and spar products, and will be very much in demand in the East on account of its proximity to that market.

The loading of gravel fluorspar at Mexico was somewhat handicapped last week on account of the extremely cold weather. With the warm weather that is prevalent this week, and the continued activity in various lines of business, there is considerable activity in the mining business. The shipments last week were as follows:

5 cars gravel fluorspar	287,130 lbs.
5 cars gravel	171,773
Total	458,903 lbs.

N. S. H. Snow, of Mineral Point, Wis., was here this week looking after his mining interests. With the present moderate temperature which indicates an earlier spring than has been anticipated, capitalists and mine operators are already assuming an activity that indicates the belief that exists among many of our leading miners that this year will be the best of all yet.

Joplin, Mo., February 19.—The highest prices reported paid for zinc ore in the Joplin district during the past week was \$50 per ton, and the May basis ranged from \$51 to \$53 per ton of 60 per cent. zinc. Lead brought \$57 to \$58 per ton.

At the Pogue mines the Marion Mineral Company is rebuilding the damage done there by the fire a few weeks ago and Secretary Crider informs us that they will be ready to resume mining operations by the last of next week.

Messrs. J. D. Poorman, of Chicago, and Chas. E. Driehs, of Cincinnati, were here this week looking at our mining properties and it is suggested that they contemplate becoming interested here.

Charges Against Elsie Trail.

In reference to the charges against E. J. Trail at Paducah, the Sun says:

Police Judge D. L. Sanders had a crowded court room today. The spectators were there to hear the case against E. J. Trail, the barber, charged with alleged criminal assault on a Mrs. Bradford. The case was continued until tomorrow and the court room was quickly vacated after the continuation was ordered. It is said that there is nothing in the case.

It had also been reported that Trail could not fill bond, but Wednesday's Register stated that he had given bond. Trail is from Livingston county and formerly ran a barber shop here.

ORATORICAL CONTEST

At the Opera House Wednesday Evening Was Largely Attended.

At the opera house Wednesday evening five members chosen from the eighth and ninth grades of Marion Graded School contested their oratorical powers for gold and silver medals, as is the annual custom of the school on Washington's birthday. The contestants were Miss Ina Price, subject, "No Monopoly on Patriotism;" Archie Davidson, "The Picket on Duty;" J. H. Yates, "Tidel Ephraim;" Miss Willie Croft, "The Hand of God in American History;" Miss Mary Lou Willborn, "Marion's Men."

The house was packed and numbers had to remain standing through the exercises. The program was beautifully rendered, the orators now and then being followed by appropriate selections of vocal music rendered by the seventh, eighth and ninth grade girls, or the boys and girls of the lower grades.

The judges which had been selected to decide the merits of the speakers were the five following persons: Senator J. J. Watkins and Prof. H. A. Watkins, of Sturgis; Geo. E. Vaughn, of Dixon; H. C. Rice, of Kelsey; and H. Cummings, of St. Louis.

The Messrs. Watkins are principals of schools at Sturgis. Mr. Vaughn is the county school superintendent of Webster county. Mr. Rice is one of Kelsey's most enterprising citizens who is well known to our readers, and Mr. Cummings is a commercial salesman who travels out of St. Louis. The contestants were all unknown to the judges.

The first prize, a beautiful gold medal, was awarded to J. H. Yates, the third speaker of the evening, and the second prize, a handsome silver medal, was awarded to Miss Ina Price, daughter of Jas. R. Price and the first speaker on the program.

The contest was one of the closest ever witnessed by the citizens of Marion. Not a single speaker of the evening evidenced a single weak point in their manner of delivery, and with trained voices that were round and clear each one acquitted himself or herself with merit, and with credit to his or her respective place of leadership in Marion Graded School. Each time when a speaker had done, it seemed to the audience that none had or could do better.

Howard-Bass.

Married at the residence of E. B. Blackburn on Poplar street, Adger Howard to Miss Tommie Bass, on the 22nd, Rev. T. G. Hughes officiating.

The groom is a successful young farmer of the Emmus neighborhood.

The bride is a beautiful young lady of Tyner's Chapel neighborhood.

We wish them much success through life.

No New Thing

But the same old John Wesley that was born more than two centuries ago in England wheater nine years of hard labor with the poor, with the children, drove from place to place, rotten-egged, abused by the people, swept out of doors for preaching the truth, and who came over to Georgia to preach and convert the Indians. He preached and worked there two years. He found out by being in company with some Moravians that his religion did not save him from the fears of death. He returned to England and this is what he said: "But what did I learn myself? I went to America to convert others, but was never converted myself." Peter Bohler, a Moravian, was his spiritual father.

The doctrine of justification by faith has been kept as a lamp of celestial fire in their experience, so like a two-edged sword it cut down this great, learned man, and he had to cry out like the publican, "God be merciful to me a sinner."

In November, 1729 they had formed a society of Methodists, as they were called, composed of four, John Wesley, Charles Wesley, Morgan and Kirkman. John Wesley being at the head of this "holiness club." And they took as their guide book the Bible. They found that without holiness of heart and life no man could see God. So, upon this doctrine the Methodist church stands today—repentance, justification, regeneration and sanctification.

Mayen Gignon was clear in the experience of sanctification for which he was put in prison four years. Adam Clark said: "If the Methodists give up preaching entire sanctification they will soon lose their glory." Mr. Wesley and the early writers of the church were clear in pronouncing Christian perfection to be a second blessing. He said: "In five weeks five in one hand received the second blessing and again this morning one found peace and one received the second blessing."

Bishop Asbury wrote to the Rev. Henry Smith to preach sanctification directly and indirectly in every sermon.

Bishop McKendrell wrote to Sumnerfield to preach a full salvation from all sin.

George Fox was put in prison for preaching holiness, nearly a hundred years before the Wesleys began to preach this doctrine.

Samuel Rutherford said more than two hundred years ago that Christ is more to be loved for giving us sanctification than justification for he maketh us more like himself, in his own image in sanctification. So you see the good Lord has had some holiness people all the time.

Bishop Soul was a great man in this work. Sanctification is plainly taught in the New Testament. 1 Thess. 4:3, 11; 2 Thess. 2:13; Rom. 15:16; Acts 26:18. This is God's work done in the regenerated part by the Holy Ghost, and Paul called it a second "benefit" or "grace." II, Cor. 1:15. "Warning every man and teaching every man in all wisdom, that we may present every man perfect in Christ Jesus." Col. 1:28. This blessing comes by consecration and faith in his word, John 17:17. No wonder Bishop McKendrell wrote to Sumnerfield to preach a full salvation from all sin. This takes in the whole man, 1.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach. My heart was weakened and I could not eat. I was very bad for a long time, but in Electric Bitter found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by R. F. HAYNES, druggist, at 50c a bottle.

A FOOLISH PLAN

It is a joy to eat—I welcome my dinner hour; because I can indulge with August Flower! Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself. "I'm bound to the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course." What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills. August Flower gives new life to the liver and insures healthy stools. Two sizes, 25c and 75c. All druggists.

For Sale by WHOLESALE & RETAIL.

There is 5:23 and he gives the reason for it. Heb. 12:14, "follow peace with all men, and holiness without which no man shall see the Lord." "So you see this is no new nor modern doctrine as some call it—it is as old as the Bible. Glory to God in the highest, peace and good will to all men. I am glad that in this twentieth century men will preach this doctrine. Oh! that God would give us more men and women that would preach and live this doctrine."

Then the saloons would have to go. Good pity a people that has to be kept out of the mind by saloons. There is only one remedy and that is to get the church right.

Now in 1781 when Mr. Wesley prepared the articles of religion for the Methodist church of the United States, they were so fixed that no conference was allowed to change them. There have been some new laws made, yet not all of them for the best.

Some strange things happened in 1890. A preacher said when the soul was regenerated it was as pure as it would ever be and the Nashville Advocate thought it was so and published it. A consistency is a few. The preacher may have belonged to the Methodist church, but he was not a Methodist. Not one of our standard books endorsed by the church teach any such doctrine. We don't start preachers out on that line at all—that preacher is in the wrong pasture. He ought to go with Mr. Zerkendorf, he has forgotten the vow he took at the Methodist altar standing before the Bishop with the Bible in his hand answering the questions: Do you expect to be made perfect in this life? I do, was the answer. Are you craving after it? I am, was the answer. This is just what they say. It is strange how men will do—no wonder the world is not saved from sin, when our preachers, teachers and leaders preach, teach and vote as they do. Hear the word of the Lord, "For if the trumpet should give an uncertain sound, who shall prepare himself to the battle?" I Cor. 11:8. God in his infinite wisdom and mercy has no woven together the Bible that you can't take out this or that doctrine without destroying the whole truth of the Bible. Oh, that men would stop and think and repent, quit sin, love God and do right.

Jesus is coming back—he said he would—not to die for men but to get the good people. Where will the holiness fighters and sinning church members go? "The soul that sinneth shall die." "He that committeth sin is of the devil." I John 3:8. Now the thing to do is to repent, get regenerated or born again. This saves us from actual sin and puts us on the road to heaven. But remember that we are commanded to go on into perfection, Heb. 6:1. "Not as though I have already attained either, were already perfect, but I follow after it that I may apprehend that

for which also I am apprehended of Christ Jesus.

"Brethren, I count not myself to have apprehended, but this one thing I do, forgetting those things which are behind and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus." Phil. 3:12-14. Now hear him in the next verse, "Let us therefore as many as be perfect be thus minded." A B. Earle and Coughly spread it abroad, Jno. Fisk, Alfred Cookman, and Caroline published it to millions, and Dwight Moody sounded it out where the English language is spoken. It is being told in China, Japan, and Korea. There is a little blaze of holy fire kindled in Cuba and Manila. The Keswick movement is spreading it in Europe; Simpson's missionaries are carrying it around the world. The Holy Ghost is standing at your door—what will you do with him? He is before you, as Jesus was before Pilate—can you afford to wash your hands and turn him away? "Wherefore He saith, awake thou that sleepest; and arise from the dead, and Christ shall give thee life." Eph. 5:14.

Regeneration is the introduction of the new life in the soul. Sanctification is the death of the old nature and its eradication from the soul.

But city folks had rather indulge licensed saloons and have their streets and pavements fixed than to give up sin—than to let holiness preachers preach in their church. "But if the watchman see the sword come and blow not the trumpet, and the people be not warned; if the sword come and take any person from among them, he is taken away in his iniquity, but his blood will I require at the watchman's hand."—Eze. 33:6. Will teachers and preachers please read the warning!

This, the 20th century, was born with the doctrine of entire sanctification standing at the church door. Bishop Taylor told it in Africa; Amasa Smith told India; Parson Simpson proclaimed it to the Presbyterians, and Dr. Gordon told the Baptists know of it. Chas. Finney, A. B. Earle and Coughly spread it abroad, Jno. Fisk, Alfred Cookman, and Caroline published it to millions, and Dwight Moody sounded it out where the English language is spoken. It is being told in China, Japan, and Korea. There is a little blaze of holy fire kindled in Cuba and Manila. The Keswick movement is spreading it in Europe; Simpson's missionaries are carrying it around the world. The Holy Ghost is standing at your door—what will you do with him? He is before you, as Jesus was before Pilate—can you afford to wash your hands and turn him away? "Wherefore He saith, awake thou that sleepest; and arise from the dead, and Christ shall give thee life." Eph. 5:14.

This is "no new thing," but a truth that faces every individual. A SUNDAY.

Poisons in Food. Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of indigestible food—or money back, 25c at R. F. HAYNES' drug store. Try them.

Yakima Valley, Washington is the most attractive irrigation proposition in the United States. All but tropical fruits grow luxuriantly, while alfalfa is a sure and profitable crop. Twenty acre ranches can be purchased for \$1,000 on easy terms. The Northern Pacific Railway traverses the entire length of the valley, thus ensuring good transportation facilities. Good schools and churches abound, and rural mail routes are established throughout the valley, which will soon be one large village. Thunderstorms are rare, and cyclones are unknown. The climate, which is very mild, is extremely beneficial to consumptives and those afflicted with bronchial and catarrhal troubles. For descriptive pamphlets of this region, or information regarding lands and business openings in other territory served by the Northern Pacific, which will be sent free, ask for series F 67.

WE HAVE COME TO STAY!

We believe we have already proven this to the entire satisfaction of our subscribers, and particularly to those subscribers who patronized our predecessor, the "Republican."

Now, we have another message for our friends, one and all, and we hope it shall come as a pleasant surprise to them. It is this: We contemplate changing from a weekly issue to semi-weekly issue sometime soon and propose now to take our friends into our confidence.

Two things are necessary to insure the success of a newspaper publication of any kind, and just as important to the county paper as to the large city daily. They are:

First, Capital sufficient to insure continued publication of all the news that is essential to fulfill its special mission, and guarantee full value to its constituency.

Second, Patronage sufficient to indicate that the publication is filling a requirement or desire of the people.

Both of these conditions have been met in the publication of the Record, and our success is assured, — is an accomplished fact.

We now face a new epoch in our career, and as before we shall fulfill the first requirement in the establishment of a semi-weekly paper, and leave to the public's good judgment the question of patronage sufficient to make the venture a success.

In order to handle at a minimum cost the increased business this change will occasion and at the same time enable us to furnish two weekly issues at the same price charged heretofore for one weekly issue, we are placing orders for new type, and for additional machinery, such as a folding and cutting machine, mailing machine, etc. We also hope to see the day when a Linotype machine will adorn our

printing office, enabling us to print a daily edition, and we have every reason for also hoping that this day shall not be a great distance in the future.

These various improvements will add several thousand dollars to the cost of our printing establishment, but we are ready and willing to meet this condition, or any condition occasioned by the demands of Marion as a rapidly growing city, and the district as an important mining center.

The promise of greater activity in the mining business this coming spring and summer than we have ever witnessed before has indicated plainly to us the positive demand for greater frequency of publication of the Record.

We shall continue our policy of dealing as accurately and impartially with all questions and all issues as we have heretofore.

Tell your friends about the proposed change to a semi-weekly issue, for the same price as charged heretofore, and get them interested in our Popularity Contest.

Remember, our success will also be your gain.

JUST A NICKLE.

One day last week Harry Steele, a slip of a boy who shines shoes in the streets, stopped one of the county officials and said, "Mr. _____, do you reckon they will ever clear 'Able Powers'?" After being told that he hoped so, the boy said, "Well, I do too. When they was making up that money the other day I didn't have but a nickel, but I give him that. I don't guess a nickel will make any difference to him but that is all I had."

Ah, Powers, your case is never hopeless as long as boys like this give you freely and in sympathy all they have. Would to God that every cent that is given were given in the same spirit. That mysterious spirit that is supreme in children, told this boy that Powers was wronged and had little show, but down in his heart he resolved to do all he could to help him.

This one act is one of the grandest serious ever given to a man or men. What though but one man heard it. It may have touched a chord never heard before. What though the world had never heard of it. It went to the throne above and was registered there, for "God loveth a cheerful giver." "When saw we thee a hungered and fed thee, naked and clothed thee, thirsty and gave thee drink."

When the people who give to this cause, or to any cause give for humanity's sake and for the sake of humanity and religion, and not for the sake of having their names published with large amounts opposite, so the world may know, then, and not before will the cause succeed. And he who thinks he has given

much to Power's cause, may well ask himself if this 5 cents is not worth more than all his dollars.

This boy's life is before him. What he will do and amount to remains to be seen. But whatever his sins may be, I believe that this one act in the final judgment will cover a multitude of sins. For the Word has said that "Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me."

WHAT ADVERTISING DID AND WHAT IT WILL DO

Thirty-five years ago antelope grazed in Fresno county, California. Thirty-two years ago there was but one house in the town of Fresno in the central desert of California. Today Fresno is the center of a community of 8000 homes and of industries yielding \$11,000,000 annually. French Strother describes in the World's Work for February the wonderful development of that region, largely through irrigation; its olive and raisin-growing, its scientific diversified farming, etc., and presents views of life there enough to start folks thinking California-wise. He notes that the most potent element in the development of the resources of Fresno county is the public sense of the value of persistent advertising, and tells how the Chamber of Commerce, the railroads and individuals have joined to attract desirable new people. Mr. Strother's article in itself is a first-class advertisement of Fresno, and it is worthy of serious study by communities in the South which have many more natural advantages than Fresno, but have not yet acquired the knack of making those advantages widely known.

If the Chamber of Commerce, the railroads and individuals combined in their efforts to build Fresno from the center of a desert to a city of 8000 homes. We certainly should be able to build a greater city in the center of a fertile, agricultural and mineral field.

In an article in THE RECORD some time ago, concerning Marion's opportunity, Mr. C. H. Whitehouse stated that even the desert can be made to bloom by proper effort. He must have known of Fresno.

We have our Commercial Club, but it is of but recent origin, and one poor, lone railroad, but even that is not kept overly busy hauling away our products and hauling to us our few necessities.

What we need is more public enterprise, and stronger support of those who are willing to work for the advancement of Marion and outlying district.

With the natural advantages which we possess and with combined and thoroughly organized effort, and a modest expenditure of

labor and money in advertising to the world at large these exceptional advantages which we possess, we certainly ought to do half as well as people located in the center of a desert. We have not yet shown this capability for doing half as well.

Now, the past will forever remain in the dead past, but the future is all before us, a future bright with promise, and fraught with opportunities for all of us to share in the prosperity which will come with concentrated effort and energy.

Our Commercial Club has made the beginning and is now engaged in the making of history, the history of many needed improvements for Marion, Crittenden county, and the district in general.

But neither one man, a dozen men nor a body of fifty or more men can do all that is required to bring this district up to the fullest enjoyment of its excellent resources.

A few may plan but the multitude must execute what has been planned. This is applicable particularly to the good roads movement.

A few have organized a strong, energetic and enterprising Commercial Club to bring about needed improvements and to bring the advantages of the district to the notice of the investing and consuming public.

We have said this will be a second Birmingham. Let us also follow the example of Fresno and make promises realities.

Our esteemed contemporary, the Crittenden Press, came out this week under date of February 26th. We don't consider a Sunday edition complete without a colored comic section, but the enterprising publisher will no doubt add this feature later on.

Friday at Moscow, Grand Duke Sergius, uncle and brother-in-law of Emperor Nicholas, and chief of the reactionaries, met a terrible death being blown to death with a bomb. The assassin was arrested and refuses to give his name, but glories in the deed.

The Car's mother has been notified by a letter that she will be the next one to be assassinated.

A Card to Voters.

TO THE VOTERS OF CRITTENDEN COUNTY:

I take this method of asking the nomination for re-election to the office of County Attorney at the primary to be held Saturday, April 1st, 1905. The duties of the office will prevent me making a thorough canvass of the county. I would like to serve the good people of Crittenden county one more term and to anyone who may see fit to support me for the nomination, I assure you the support will be very much appreciated and if I am nominated and elected for another term, I will endeavor to serve the people fairly and impartially.

CARL HENDERSON.

Notice.

We have now sent THE RECORD to "Republican" subscribers in completion of one year's subscription, and those who agreed to pay at the expiration of one year, are respectfully reminded that this contract has been completed by THE RECORD. Please call and pay.

We want to announce that all paying before March 10, will be entitled to four votes in the Popularity Contest, beginning with the next issue of THE RECORD we offer this inducement that we may get these old accounts adjusted promptly. Renewals will also secure voting privileges in accordance with regular terms of contestants.

and a liberal division of time will
be given.
Salem School.
At the termination of my school
I found the following pupils named
to make an average of 90 per cent
and above for the term, six months,
which signifies a competency of
grade:
GRADE 9—Edna Gray, Russell
Gray, Verdia Guill and Ruth Mc-
Chesney.
GRADE 8—Edna Gray, Verdia
Guill, Nettie Mitchell, Russell
Gray, Ethelene Douz, Mariah Lin-
ley, Mae Eberle and John Travis.
GRADE 7—Jake Farris, Ruth Mc-
Chesney, Lucile Linley, Charline
Hayden and Mark Pierce.
After examining the above named
pupils, I found each ready for a
higher grade, respectively. I also
found the pupils very courteous to
me both in school and out.
Numbering 126 that were en-
rolled, with an average attendance
of 88 for the full term, I hazard
nothing in saying that I enjoyed
the work very much with the pu-
pils, the readiness of the patrons
and trustees and the pleasant as-
sociation of the citizens.
So with a kindness to the citi-
zens and friends, my deepest respect
to the trustees and patrons and
heaps and heaps of love for the
pupils.

FIFTEEN UNDER DEATH SENTENCE

Two More Convictions Breaking the Record in This State.

At the beginning of this week
there were thirteen men awaiting
execution in Kentucky, most of
them for murder. Up to last Friday
two more had been given death
sentences, making fifteen at one
time and breaking the record in
this state.
The two new ones added to the
list were Garth Tompkins, col., at
Madisonville, for the murder of
Jim Brame, col., and James Pear-
all, at Lexington, for criminal
assault upon Mrs. Wagoner on Jan.
20th. Justice in this case was
swift and the jury was out only
twenty minutes.
At Owensboro, Roy Green, col.,
the first of the fifteen to swing, met
death on the scaffold, leaving four-
teen more yet under sentence. An-
other will be hanged today.

DEATH

Strikes Down Husband and Wife Fol- lows Eleven Days After.

C. E. Towery, of near Shady
Grove, died Wednesday, Feb. 8, of
rheumatism and consumption. He
was a native of this county and a
very prosperous farmer. At the
home of his death he was 63 years
of age. He was twice married and
is survived by five children by his
first marriage, Mesdames Geo.
D. Kemp, and Sam Asher, Messrs.
W. M., Gabe and Ed Towery. By
his last marriage, two small chil-
dren, a boy and a girl.
Several years ago Mr. Towery
and his first wife who is still living,
parted and agreed upon a mutual
division of their property. On his
portion of the farm he built a resi-
dence and later married a widow
who was the mother of four chil-
dren, Wesley, John, Harrison and
Jake Thompson.

This union was blessed by the
two small children mentioned and
was a happy one until death sepa-
rated them to soon meet again.
Last Sunday, Feb. 19, Mrs. Tow-
ery, who was suffering with
la gripe at the time of her husb-
and's death, suddenly died and the
chief cause was supposed to be
heart trouble.

Suffering

Will Not Help Your Disease, but Will Weaken Your Nerves.

Many who think it is better to bear pain than suffer it, are wrong. And treatment directed to ease the pain, instead of curing the disease, is a waste of money.

But now, with a safe remedy, has been found. Dr. Miles' Anti-Pain Balm, which cures all kinds of pain, without weakening the nerves.

It cures all kinds of pain, without weakening the nerves. It cures all kinds of pain, without weakening the nerves.

It cures all kinds of pain, without weakening the nerves. It cures all kinds of pain, without weakening the nerves.

It cures all kinds of pain, without weakening the nerves. It cures all kinds of pain, without weakening the nerves.

It cures all kinds of pain, without weakening the nerves. It cures all kinds of pain, without weakening the nerves.

It cures all kinds of pain, without weakening the nerves. It cures all kinds of pain, without weakening the nerves.

It cures all kinds of pain, without weakening the nerves. It cures all kinds of pain, without weakening the nerves.

Miracle of the Loaves and Fishes

Sunday School Lesson for Feb. 26, 1905

Prepared by the "Highway and Byway" Preacher.

(Copyright, 1904, by J. B. Eaton.)

LESSON TEXT—John 6:1-14. Memory Verse: 11:13. Read the entire chapter. GOLDEN TEXT—1 am the Living Bread which came down from Heaven. John 6:41.

TIME—Nearly a year has elapsed since our last lesson. It was just before the harvest, April, A. D. 33.

PLACE—A location on the northeast shore of the Sea of Galilee, not very far from Bethsaida.

A REMINDER—Had this miracle and the discourse following been left out by John, how much would have been missed of wisdom that Jesus is the Christ, the Son of God. It was impossible to study practically the portion of John 6:1-14, and not be led to believe in Jesus as the Son of God. For this reason keep John 6:1-14 before you in considering this lesson.

The Lesson Outline.

1. The Hungry Multitude. John 6:1-14. The Hungry Multitude. John 6:1-14. The Hungry Multitude. John 6:1-14.

2. The Disciples Went There With Jesus for Food. John 6:15-21. The Disciples Went There With Jesus for Food. John 6:15-21.

12. The Disciples Went There With Jesus for Food. John 6:79-85. The Disciples Went There With Jesus for Food. John 6:79-85.

13. The Disciples Went There With Jesus for Food. John 6:86-91. The Disciples Went There With Jesus for Food. John 6:86-91.

14. The Disciples Went There With Jesus for Food. John 6:92-98. The Disciples Went There With Jesus for Food. John 6:92-98.

15. The Disciples Went There With Jesus for Food. John 6:99-105. The Disciples Went There With Jesus for Food. John 6:99-105.

16. The Disciples Went There With Jesus for Food. John 6:106-112. The Disciples Went There With Jesus for Food. John 6:106-112.

How the knowledge of this ought to bring us to recognize ourselves in it.

1. The Fragments Gathered. John 6:12-13. They were filled. Did ever man get down at table which Jesus spread without being filled? Ps. 23:1. Phil. 4:19. But that Jesus' bounty might not teach wastefulness, He commands, "Gather up the fragments." This is an example in economy which we all have need to remember. Twelve baskets full remaining gave each of the disciples a supply to carry away. What a striking illustration of Prov. 11:21; read Luke 4:35.

2. The Multitude Impressed. John 6:14-15. Who else but God could create food for the body? The multitude was willing to admit Jesus' claim of divinity. And the following verses show how they planned to make Him their king. But with what motives? They desired Him because they had eaten of the loaves and were filled. v. 26. He wanted them to desire the bread of life. v. 27. How sad that men should be satisfied with the bread which perishes when Jesus would feed them on the living bread.

3. The Golden Text. "I am the Living Bread which came down from Heaven." This declaration of Jesus commands our attention because God has said that "Man shall not live by bread alone." When Jesus called Himself the "Living Bread," it was to announce the relations which He was to sustain to the soul. As a body was fed to feed the soul, the Living Bread was to feed the soul. Living Bread to satisfy soul hunger, therefore, "Blessed are they which do hunger and thirst after righteousness for they shall be filled." "Lord, evermore give us this Bread."
